

# Expedition roll mat

<b>Code</b>	L003
<b>Colour</b>	Olive (0)
<b>Size</b>	185 x 57 x .8 cm

The expedition roll mat is manufactured from a physically blown, closed-cell, cross-linked Evazote® EVA copolymer foam. Evazote is waterproof with a high degree of tear resistance providing insulation, cushioning and comfort. It has a higher foam density for insulation and space. The expedition roll mat is supplied with 2 adjustable straps to secure the mat when rolled up.

## Features

- 1.85 meter length
- High density foam
- Rolls up for easy carriage

## Material

Evazote® EVA copolymer foam
