

# Felco folding saw

<b>Code</b>	F600
<b>Colour</b>	Black / Red
<b>Size</b>	15cm blade

The Felco 600 folding saw has teeth which are filed, honed, and alternately bent creating the turbo-cut saw blade with precise knife-edge sharpness.

The turbo-cut saw blade is taper ground for a fast, easy pull action, easier and safer than other saws. The blade is thinner at the top and thicker at the bottom preventing binding.

# FELCO

## Features
