

KSB Skye boots

Code 7232

Using 2.4mm full grain American leather the KSB Skye boots offer a more traditional full leather boot design with many of the advantages of a fabric version. Fully waterproof the KSB Skye uses a breathable eVENT® liner and dual density Vibram® Bifida outsole to ensure good grip in all conditions.

Features

- Waterproof and breathable eVENT® lining
- Full grain leather upper
- KSB last – ideal for the UK foot
- Frameflex midsole
- Vibram® Bifida outsole

Colour

Brown

Materials Full grain leather upper with eVENT® membrane
