

Sealskinz liner glove

Features

- Lycra stretch fit
- Merino wool
- Insulating

Fabric

98% Merino wool
2% Lycra®

Code

Colour Black

Size One size

The thermal liner glove adds insulation to the inside of SealSkinz waterproof gloves. It also helps to improve the fit of the waterproof glove when hands are between sizes. Merino wool is used in construction for superb wicking performance and excellent insulation. The 2% Lycra content gives stretch allowing one size to fit all.
